

Welcome!

Thank you for choosing Spina Farms Pumpkin Patch for your school field trip this year! We are eager to welcome, educate, and give you a glimpse of our farm.

Upon your arrival, a Spina Farms guide will...

- Greet the teacher
- Collect the balance due:
\$10.00/student, \$5.00/participating parent, student chaperones 8:1 ratio (no charge)
- Direct you to the area where you will begin your tour

During your visit today...

- The children will be led by their Tour Guide as they journey the Patch. We will teach and encourage them to learn the life of many varieties of pumpkins our farmers raise. Children are full of curiosity and wonder....we hope to answer their many questions!
- Our Learning Garden is a place to test what they've learned in a fun, hands-on experience!
- The children will go on a hayride adventure through the fields of corn and sunflowers!
- The children will enjoy a quick train ride on the Spina Pumpkin Express Train!
- The children will choose their very own pumpkin and gourd to remember their time here on the farm!

Things to remember...

- Sunscreen and Hat (October can be hot!)
- Sharpie (to mark the pumpkins with the children's names)
- Closed-toe shoes
- Spending money (teachers and parents are welcome to purchase pumpkins, snacks, apparel, etc. at regular price)
- Table coverings (if you're planning on bringing a snack or lunch)
- Boxes or bags to transport pumpkins and gourds back to school

Other things to note...

- **NO** petting zoo or pony rides available during field trips. Come back on the weekends to experience the animals (Hours:10:00-4:00)
- Pumpkin Patch closure may occur with stormy/wet weather conditions due to flooding & safety issues
- If possible, wear school shirts in order to easily keep an eye out for your students!

Look forward to seeing you in October
